**Shifting from face-to-face
teaching to virtual alternatives
on short notice**

Grußwort / Greetings

Liebe Kolleginnen und Kollegen,
unter dem Motto "Shifting from face-to-face teaching to virtual alternatives on short notice" findet in Kürze das nächste Didaktik-Forum an unserer Hochschule statt. Im Mittelpunkt steht wieder der Erfahrungsaustausch zwischen Lehrenden – dieses Mal zu einem Thema, das derzeit Hochschulen auf der ganzen Welt beschäftigt. Wie hat sich die schnelle Umstellung auf eine online-basierte Hochschullehre im aktuellen Semester ausgewirkt? Wie wurden Präsenzformate in den virtuellen Raum übertragen? Was bedeutete dies für den Studienalltag und die Rolle der Lehrenden? Und mit Blick auf das Wintersemester – wie kann es weitergehen? Dazu erwarten uns spannende Beispiele aus unserer Hochschule sowie aus Partnerhochschulen aus Europa und Amerika. Ich freue mich auf einen regen Austausch.

Dear colleagues,
in a few days the next Didaktik-Forum will take place at our university. Shifting from face-to-face teaching to virtual alternatives on short notice has currently become a topic for universities around the world. During two days we will share practical examples on how universities dealt with the sudden shift from face-to-face teaching to remote, virtual alternatives. Speakers from Brandenburg and eight international partner institutions will share their experiences during the last semester. How did they cope with the new situation, how does a regular teaching day look like nowadays? Has the sudden change to online teaching also changed their role as a university teacher? Furthermore, we will shed some light on infrastructural challenges and ask where universities might go in the near future. I am looking forward to an exciting exchange!
